

Stuff to Bring Camping:

This is just a general guide. If you expect wet weather or to get sweaty, muddy, etc. you may need more. Depending on the weather you may need more or less of something.

This is the list provided to Webelos Scouts learning to pack on their own for a campout. Use this as a guideline and make adjustments as necessary.

Clothes (per person)

- 1 Pair of Socks per Day + 1 pair per 3 days. So for a weekend trip (Friday, Saturday, Sunday), pack 4 pairs.
- 1 Pair of Underwear per Day, plus 1 pair per 5 days. For a weekend pack 3 pairs.
- 1 Pair of Pants or Shorts per 2 Days, including what you wear out. For a weekend pack 1 additional pair. If you might be wearing both pants and shorts, bring enough of each. Even if you expect to wear shorts all day, it's a good idea to have at least 1 pair of pants for the evenings.
